MEDIA ADVISORY

For Immediate Release

February 7, 2012

**Stormwater Management Conference Invitation
from Springfield Mayor Ziad Andrew Shehady**

You are invited to the Cranford Community Center at 200 Walnut Avenue, Cranford on February 15 at 7:30 p.m. to a Stormwater Management Conference to discuss ways each of the Rahway River communities can revise their ordinances and best practices to improve stormwater management. Cranford Mayor David Robinson, Millburn Mayor Sandra Haimoff and Springfield Mayor Ziad Andrew Shehady will host the meeting.

Irene brought significant damages to local communities and additional focus on stormwater quantity is needed. The objective of the meeting is to gather environmental organizations, planning and zoning board members, engineers and elected officials to develop some consensus on changes to current practices.

For additional information, e-mail mayor@shehady.us or call 973-797-9423.
